

2010 MERCEDES SPRINTER 144LB/SB

FEATURES

MILLER

Coach Company Inc.

LIGHTING	All EMERGENCY LIGHTING Devices are State of the Art High Intensity LED units powered by a KKK Compliant Primary/Secondary Flasher. The total Emergency Lighting load is less than 18 Amps.
	5 Interior incandescent Dome Lights with High/Low Intensity. <i>Color corrected LED Dome lights are available upon request).</i>
POWER	A 1250 Watt Inverter with 55 Amp Charger is included with a weather-resistant shore power connection located on the street-side of the vehicle Two 110 VAC Lighted Outlets; one on each side of the vehicle which are automatically wired through the inverter
	Two 12VDC connections on the Action Wall with built-in Medical Isolator
HVAC	A Self-contained HVAC system is included for the patient area. There is a separate compressor, condenser, and evaporator installed in the vehicle. Simple controls are located on the action wall and are independent of the cab environment. Fresh-air intake is handled from the cab, not the patient area.
OXYGEN	The Oxygen bottle storage is located in the rear of the truck for easy change-out. A removable door is provided with a flip-up gauge window. Straps include single button Seat-Belt type buckles for positive, quick connections and release
	A Crash-Stable Portable Oxygen Bottle Holder is provided at the front of the cabin.
	Two Ohio type Oxygen connections are provided on the Action Wall
STORAGE	Standard configuration includes approximately 30 cubic feet of storage with easy sliding cabinet doors. Open areas are secured with seat belt type straps.
	Standup Longboard storage for up to three boards accessible from the side door
	Configuration includes floor to ceiling rear facing cabinet for large storage. All areas secured with seat belt type straps. Cannot be used with 6 foot Squad Bench.
CEILING	Non-Permeable, washable Komatex ceiling
	Eight foot Overhead Safety Rail over the patient.
	Two near flush IV Holders, one on each side of the vehicle.
COT CATCH	A Standard 175 Type Cot Catch is installed with floor mounted catch and Rear bar.
